RECOMMENDATION

BE IT RESOLVED THAT Council receive Memo No. 2019-M-069;

AND FURTHER THAT Council directs Staff to alter the proposed projects as follows: _____

INFORMATION

Previously Staff presented an overview of capital projects. Attached to this report is a more detailed listing of projects that have been submitted for consideration. As well, traditionally funds are set aside in reserve for future projects. This allows the Municipality to save for larger projects over a period of time.

Discussion on the merits of the projects as well as options that are available should be held at the meeting. From these discussions alterations to the project listing and / or how the projects will be funded can be made.
