The Temagami Police Services Board along with the Temagami Lake Watch Program would like to request permission to install a Lake Watch Program Billboard (8x8) somewhere along the Waterfront. Our idea is on the wall by the Petro Canada. We are open to other locations but feel this is the most visible spot.

Since the inception of the program the Temagami Police Services Board has donated funds towards these billboards which are currently on the Lake Temagami Access Road and on the side of the Boat Storage at Temagami Marine.

We hope that the Municipality will support this very successful program and allow the billboard to be installed (at Lake Watches expense) on the waterfront.

Thank You
