RECOMMENDATION

Based on Information received prior to the Meeting of Council, a verbal recommendation will be made at the Meeting.

INFORMATION

At the meeting of Council on June 27th, Council reviewed an estimate for the required design and application required with the amended ECA. Council provided direction to Staff to obtain three further quotes for this work.

Information was sent to Newterra, Englobe Corp and Cambium who have experience in this area. When the information was provided, a request was also made for a reply to be received by Wednesday, July 10th of their ability to meet the deadline of September 30th for the application to the hands of the Ministry complete with the required design and an estimate for the completion of the work.

Due to time constraints, we did not formalize the process by issuing a Request for Proposal.

Information received from the firms listed above will be available at the Council meeting.

Respectfully Submitted:
Craig Davidson
Treasurer/Administrator
