**RECOMMENDATION**

BE IT RESOLVED THAT Council receive Memo 2019-M-151;

AND FURTHER THAT Council direct Staff to confirm pricing and review methodology with Public Sector Partners for Progress as the Asset Management Plan is being updated.

**INFORMATION**

A letter was received from the Public Sector Partners for Progress advertising their approach to Municipal Asset Management. Part of the correspondence notes that their cost is \$1/resident which, if it is full time residents only, would cost the Municipality around \$800.

At worse, we could be afforded with a different point of view towards asset management assessment and prioritization than we presently have which would provide more options as we update our Plan.
