

Corporation of the Municipality of Temagami

Memorandum to Council

Subject: Report from Treasurer/Administrator

Agenda Date: September 9, 2021

Attachments:

RECOMMENDATION

BE IT RESOLVED THAT Council receive the report of the Treasurer/Administrator dated September 9, 2021.

INFORMATION

Vaccination Policy

The Chief Medical Officer of Health for the Province is requiring certain businesses to have a Vaccination Policy in place by September 7th. For us, this would require one for the Ambulance Services. We are in conversation with DNSSAB who is in conversation with other EMS services in North Eastern Ontario in developing a policy and an education program for EMS services in our area. Our information is that our paramedics have all received their second doses so while we may be a little tardy having a policy in place with the provincial deadline the need to have one is offset by the vaccination record.

As it relates to other departments of the municipality, Staff are compiling information to bring to the Meeting of Council on September 30th to enable Council to debate the need and, if deemed necessary, what a vaccination policy would look like for the Municipality of Temagami.

In other vaccination matters, now that the Province has announced the vaccine passport and where proof of vaccination is required, we will be having discussions with the Family Health on how this will work with the fitness centre and the after-hours access.

Grant Programs

We have passed stage one of our Economic Development Officer grant program through FEDNOR. Application to the second stage is being prepared. We are working on securing this funding to assist the start of the Temagami Economic Development Corporation.

ICIP Green

We applied through the ICIP Green fund for repairs to the Temagami South Water Tower, the second treatment train for the Temagami South Water Treatment Plant and ensuring the chemical pump controls are up to date. Including a built-in contingency, the expenditure amount for this grant application is in the neighbourhood of \$4 million.

Staff Day

On September 16, as our office is closed to the Public, we are taking advantage of this and having a team building day designed using the Fish philosophy which will hopefully translate in to a better functioning Staff. We will put notification out in the normal fashion.

Respectfully Submitted:

Craig Davidson

Treasurer/Administrator
