

Corporation of the Municipality of Temagami

Memo No.  
2023-M-XXX

**Memorandum to Council**

**Subject:** Public Works Report for June 2023

**Agenda Date:** July 13<sup>th</sup> 2023

**Attachments:**

**RECOMMENDATION**

BE IT RESOLVED THAT council receive this report for information and discussion

**INFORMATION**

**Roads**

- Completed road patrols after wind and rain storms
- Met Tulloch Engineer for inspection of Fox Run as per Council's direction
- Shut Power Supply off at Plug ins at Lake Temagami Access Point in Panels for summer and did the same at the Train Station
- Graded Mine Road when possible for Dust suppressant to be applied/ Also did it in spots that needed it after suppressant was applied. VERY Dry! Suppressant was applied to road on June 14<sup>th</sup> 2023
- Hired Trapper for Johnny Creek road and Lake Temagami Access Road to trap nuisance beavers
- Sent 2 Quotes out for Fox Run Project
- Graded Fox Run 3 Times
- Replaced Flex Beam by Minniwasi
- Installed 911 signs on Kanichee

**Water/ Sewer**

- Sent Maps to ONR on Water and Sewer around the Temagami Train Station for Bore Hole Drilling
- Signed Quotes for OCWA to complete service work on Generators at our 3 locations
- Unloaded Ferric at Temagami North Lagoon for OCWA
- Cleared around pump intake at the Temagami South Lagoon for OCWA

**Equipment**

- 2014 International 3 – Ton had yearly mechanical completed
- F-150 2016 was greased and cleaned
- Wash and greased 2019 420 Cat Backhoe
- 2009 Sterling ACTERA Compactor Truck has annual service completed
- 2013 Dump Wagon went for certification

**Waste Management**

- Installed NEW hours sign at the Mine Landing Transfer Station for Long Weekend of July
- Pushed with dozer Briggs and Strathy Landfills
- Installed New Lights on each Domestic Dump Wagons for the Mine Landing Transfer Stations

## **Building**

- Worked on Chalet installing Handi-cap ramp, Stairs , siding, and foundation work
- Worked with a Family on putting a memory bench on our waterfront for a loved one
- Signed agreement with Ontario Northland for Train Station in Temagami to have Bore Hole Drilling completed for Northlander
- Set Tents up for Baseball tournament and prepared fields
- Cut Broken ICE guards from Arena roof so there's no danger to the Public, these ICE guards need to be replaced asap on all the roofs where needed. The wall on the Water Tower side of the Arena was damaged again from the winter ice.
- Washed and Cleaned up Building Department Snow machine and put away again inside Trailer at Arena

## **Cemetery**

- 1 Burial
- We had a cemetery meeting and Public Works purchased a Leaf Blower for cemetery

Respectfully Submitted:

Barry Turcotte
