

Corporation of the Municipality of Temagami

Memo No.
2023-M-167

Memorandum to Council

Subject: OCWA Second Quarter Report

Agenda Date: **August 10, 2023**

Attachments: OCWA Second Quarter Report

RECOMMENDATION

BE IT RESOLVED THAT Council receive the 2023 second quarter operations & performance report from the Ontario Clean Water Agency for Temagami Water and Wastewater Systems.

INFORMATION

The second quarter operations and performance report was received from the Ontario Clean Water Agency (OCWA).

One area we plan to follow up with them was how the spring run off and heavy rainfall increased the flow rates to the North Lagoon. There should be no storm water in our sanitary lines and having this increase is a concern. We await their answers.
