

To Temagami Council

From Shawn and Dawn Monaghan

Lot 7 Narrows Island

This fall will be 20 years now paying property tax bill and owning Lot 7, Narrows Island. As you all know there are no municipal services out here on Narrows Island, yet my property tax is at 6700 Dollars per year. Attached is my third payment this year at 1888.75 and an increase of 700 this year. Why I don't know.

My wife and I are full time residents here and still after all these years and all the taxes paid we do not have a spot to park our vehicles.

All of our full time neighbours have parking spots at the mine landing, yet I doubt they pay the same property tax bill.

Most of the full time neighbours have 2 or 3 spots to park

The mayor and other members have 2 or 3 parking spots year round

Please call me when our 2 spots are ready
