

Corporation of the Municipality of Temagami

Memo No.
2023-W-228

Memorandum to Council

Subject: CALA – Emergency Service Concerns

Agenda Date: November 9, 2023

Attachments:

RECOMMENDATION

BE IT RESOLVED THAT receive memo 2023-M-228 regarding concerns with EMS response on lake properties;

AND FURTHER THAT Staff continue to work with CGIS, MPAC, CACC and DNSSAB to rectify any of the property identification concerns.

INFORMATION

The Municipality has received correspondence from the Cassels and Adjoining Lakes Association regarding concerns with Emergency response and identifying property locations. Please see the correspondence attached.

On September 15, 2023, a resident of Rabbit Lake brought forward some concerns with the Ambulance Service not being able to locate a property on Rabbit Lake, not being aware of the Rabbit Lake Access Point, and the medics not having the ability to ride in private watercrafts.

Staff have since reached out to the following agencies to review what we have in place and determine ways to rectify the property identification concern. District of Nipissing Social Services Administrative Board, Central Ambulance Communications Centre, Municipal Property Management Corporation, and our CGIS team. There is a meeting scheduled with these organizations on November 16th, 2023.

Respectfully Submitted
Sabrina Pandolfo
Acting Admin
