Memo No.
2023-M-XXX

Memorandum to Council

Subject: Public Works Report for October 2023

Agenda Date: **November 9th 2023**

Attachments:

RECOMMENDATION

BE IT RESOLVED THAT council receive this report for information and discussion

INFORMATION

Roads

- Still Grading roads that can be graded as some of the roads have frost in them from the colder weather. Hopefully its warms up and we can complete the ones we couldn't grade
- Work on Fox Run is continuing, ditching has been completed along with 1 corner that had a bad blind spot and drainage issue has been completed. I would like to thank George Leger for allowing us to remove earth from this bad area (property belong to George that we encroached on) to allow for better line of site. Guard rails have been scheduled for the week of November 6th 2023
- Cleared Trees off roads after storm
- Repair pot holes on Hillcrest and Goward
- Removed docks from Rabbit Lake, Cassels, Snake Lake, Strathcona Landing so far
- Took ramps off Net Lake Docks

Water/ Sewer

- Mark Shut off's for locates and repairs
- Replaced 3 grinder pumps
- Had 1 Sewer Line leak due to the buildup of pressure in the line after the Hydro was off for 6- 7 hrs and then turned on. When Hydro came back on ALL 140 grinder pumps could kick on at one time (depends on what level they are at) which creates a lot of pressure in the lines which in turn could create a leak in week areas. this leak was repaired and put back on line. OCWA was on site for this repair
- Met with Pettersen's, Tulloch, Electrician, on the Temagami North Lagoon Project, we had a site meeting as well.

Equipment

- Changed oil, greased and installed winter tires on Parks and Rec truck, also winterized Kubota UTV, Whipper Snippers, and lawn mowers
- Serviced Large Trucks and Float for yearly inspections
- Public Works has installed all plow Frames on Large Trucks and have tested all other plows to make sure everything is ready to go. All is good to go!
- Parks and Recs truck had drive shaft replaced due to vibrations

Waste Management

- Push Strathy Dump

Building

- Brad and Troy Finishing up on Painting rooms, also ICE pad is Cleaned and ready for Ice making
- Had Temagami Electrical come into Arena and change Ballast on Lights.
- Had Temagami Electrical Check Public Works Buildings to repair a Light and emergency lights in Water Plants. Also had to change lights in Temagami North Lagoon Building as the ballast is obsolete.

Cemetery

- Had 2 burials
- Serviced Lawn tractor and Stored it for winter

Staffing

- Public Works is still waiting for quotes on Outside contractors for Grinder pumps, Garbage Collection, and Grading.
- Landfill attendant helping out with residential and commercial garbage collection on Tuesdays.
- Looking into temporary help for snow plowing for the winter months, waiting for a call backs.

Respectfully Submitted:

Barry Turcotte
