**INFORMATION**

**BY-LAW UPDATES;**

Firearms By-law 23-1707;

Public consultation resulted with fifty-two (52) completed and submitted questionnaires to the MLEO.

Currently the data is being gathered, sorted and compiled and the MLEO is working to complete the final report in preparation for March 2024 regular Council meeting

Parking By-law 23-1698;

With the recently approved by-law and higher, approved Set fines we require changes to the Municipalities Parking Infraction Notices (Parking Tickets books). We have requested a quote from a local print shop and hope to receive new parking ticket books in the very near future.

(ARIS) Authorized Requester Information System;

The Municipality applied for ARIS in Oct 2023 and we are anxiously awaiting approval from the MTO, to be accepted and granted permission to proceed using their product/software. ARIS will provide the MLEO the ability to 'run/check plates' of those ticketed but have not paid the fine in the allotted time frame(s).

**ENGINEERS REPORT UPDATES;**

One (1) additional engineering firm has submitted their quote to the MLEO, that relates to conducting a Building/ Dwelling Inspection and submitting their reports. The MLEO is in anticipation that we will receive additional interest and accompanied with quotes, however this has yet to be determined.

Respectfully Submitted
