Dear Mayor & Councilors:

Re: Economic Development Committee

I would like to advise that things are not very fair, as to the way the committee members have control of the meetings.

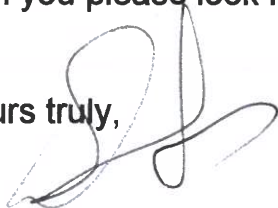

There are five committee members and an economic development officer. I am the only member from town, the rest of the (4)members are from Lake Temagami. I would like to see the same amount of people in the town of Temagami or Marten River as there are from Temagami Lake. I believe members should also be full time residents.

I have asked for meetings to be at 6 pm (as I am working for the town public works department and would not be available during the day), but have been out voted every time.

I love being on the committee but don't think it is a place I should be, due to the fact that I am not able to make the meetings.

Can you please look into these matters and see what can be done.

Yours truly,

Daniel Paradis
