

To Town of Temagami

Dawn and Shawn Monaghan

We live here on Lake Temagami full time now since Nov 1, 2018. I have owned the property on Narrows Island for 20 years now and I have paid the tax bill this long, but yet we have no parking spot.

We have applied and asked for the past five years since we moved in full time.

We have noticed that all of our friends and neighbours who are full time residents have 2 and 3 parking spots at the mine landing and yet we do not have one.

[REDACTED]

The list goes on and on

With the parking spots ---it is not just a spot to park your car it also comes with hydro...plug ins for my diesel vehicle at minus 25 winter days

It also comes with municipal paid dockage. Very convenient and adjacent to the private parking area.

The parking spots also come with security cameras its very close to garbage and recycle bins.

My property tax increase this year was 12 percent that is 700.00 more this year than last year bringing it up to 6700 per year to live 6 miles out on an island....this is very near the same rates as in the GTA. Yet for the rate you pay near or in the GTA you get a spot to park your vehicles.

Our suggested solution is to extend the paid private parking area west into the contractor parking approx. 60 spaces and collect revenue from that.

Currently the general public are parked there and not contractors.

Please call me with our parking spot numbers.
