**Roads**

- Grade All Roads when possible to get ready for Dust Suppressant
- Repair pot hole on paved roads when required
- Beaver Issues on a few of our roads this spring creating flooding, we hired a local trapper to help with the problem. This is still on going.
- Had dust suppressant put down on All our roads except the Lake Temagami Access Road which is scheduled for June 13<sup>th</sup> 2024. As long as there no weather issues.
- Public Works repaired a lot of sink holes this year on our roads
- Helped different departments with work related items
- Public Works worked closely with contractor for street sweeping to get everything swept up
- Loaded Navigational Aids in contractors' boat so Buoys could be put back in place for the summer season
- Finished installing Docks for the summer season
- Put out Garbage cans and Benches for summer
- Installed delineators and curbs for the summer
- Inspect roads and cut trees that were down after wind and rain storms
- Marty Butler has started and is fitting in well with Public Works Operations

**Water/ Sewer**

- Installed 4 Grinder pumps for residents that leave for the winter months, also turned water back on
- Installed new Water line into the old White House property (where chip stand is) # 6719 Highway 11
