A. Contact Information

Contact information fields: Name, Email, Address, and Phone, all of which are redacted with black boxes.

B. Details: Please describe the particulars of your complaint or concern, if more space is needed continue on back of form.

Handwritten complaint text: 'To All Council, Stevens Rd/Fox Run Rd are in terrible condition! We chose to purchase a business in Temagami because it met three requirements, town water, sewers and a hard surface road. Within a very short time of purchasing Temagami every the road was ripped up. The old road did have a few potholes to navigate around which was manageable. Now we have a dusty, dirty bumpy road!! The dust covers all our boats, vehicles, decks, furniture and the surface of the lake. The dust rolls up as high as the hydro lines!! It's ridiculous!! Our customers complain continually'

C. Declaration:

I declare that the information given in this form is true.

Redacted signature line with 'Signature:' label.

Handwritten date: Aug 19/2024

Notes: In order to investigate your concern fully, any members of staff mentioned will be made aware of the issues you have raised and will have an opportunity to comment on them.

about their boats & vehicles being covered in a thick layer of dust and grime. We can't open windows or enjoy our with the amount of dust that is flying around.

Last year I attended many meetings about this road. I was present when council voted to finish the road and take the shortfall of monies out of the reserve fund. Behind closed doors the decision was reversed!! The public boat launch is an accident waiting to happen! It's a matter of time before someone gets hit by a vehicle because of poor visibility from the dust!

This road needs finished as soon as possible. Each year it will be more costly to finish it. The road should not of been ripped up without they money to replace it!!
