Re: Request support for the Annual Temagami Lion
Senior Christmas Christmas Dinner (December 1, 2024)

The Temagami Lions Club in conjunction with the support of many of the local Businesses will be holding their Annual 40th Seniors Christmas Dinner on December 1, 2024. As Council is aware many of our present Senior Citizens were very active in their younger years in providing essential services such as: health activities along with many other services within the community. Note: Some of the senior citizens are still very active in today's time by working with the younger citizens as well as school children.

The Lions Senior Christmas Celebration has always be held at the Temagami Community Centre with the support of the Municipality of Temagami. This year we again expect up to 150 senior participants attending the sit down dinner or as a take out delivery for persons with disabilities. This year due to an influx of many new senior citizens living in the Temagami and Marten River area we expect a great attendance.

The Temagami Lions Club members are asking for your continued support by Waiving the arena fees for the December 1st event. In past, the Municipality of Temagami has also provided refreshments for this special seniors appreciation event.

The Municipal Council and staff are aware that the Lions Club although small is very actively working for the betterment of all residence within our community. This was shown recently by taking the lead in raising funds for the Jaws of Life.

We as Lions members appreciate your continued support

Yours

Lion Jane Dougall
