Subject: Youth Hockey Training Program Proposal

Dear Sabrina,

I hope this message finds you well. I wanted to follow up on our previous discussion regarding the youth hockey training program. I'm excited about the possibility of contributing to our community's youth sports initiatives.

Since returning to Temagami and becoming a permanent resident once again, I have had discussions with several people in the community (parents, teachers, the arena manager, and town council members) in regards to creating and facilitating a skills development hockey program for the youth of the town. I have successfully been creating and facilitating these types of programs and coaching hockey teams throughout the greater Toronto and surrounding areas since 1993, for both males and females at every level of development. Normally, I charge \$150 per hour for my instructing /coaching services, which is the standard and accepted rate for any type of professional "skills" training in that area of the province. I would be happy to waive that fee and embrace the opportunity to give back to the town which gave me my start as a hockey player, and provide this service on a volunteer basis to support our community's youth.

Obviously, there will be other necessary costs associated with running this program such as ice rental, equipment, and uniforms, etc. I will provide all the training equipment that I incorporate into my drills and instruction and I will reach out to one of the equipment providers I use regularly and ask him to sponsor the program by supplying us with appropriate jerseys, all at no cost to the program.

Therefore, the only remaining cost would be the ice rental fees. Could you please provide information on the fees that the Municipality are asking for the ice rental? I'm eager to collaborate and make this a successful initiative for our young athletes and provide the Town with another positive socially enriching family activity.

Thank you for your interest and assistance in making this project a possibility, I look forward to hearing from you soon.

Best regards,

Doug Poirier
