Recommendation

BE IT RESOLVED THAT Council receives Memo 2025-M-007 as presented.

Contents

Recommendation	1
Training	1
Incidents	2
Fire Prevention Initiatives.....	2
Additional Information	2

Training

- November 5 - Members of the Marten River Fire Department conducted hall upkeep maintenance, including cleaning the garage floor. Members also participated in Hose Training theory, in preparation of practical training in the near future.

Also, in the sprit of Carbon Dioxide awareness month, members changed The Fire Department Signboard out front of the hall reminding people to check and change their CO2 detectors.

- November 19 - Members of the Marten River Fire Department conducted maintenance on all vehicles, including the installation of winter tires. Also, the two Canadian Flags at the front of the hall were replaced due to extensive wear and tear.
- November 26 - Members of the Marten River Fire Department continued hose training with several practical exercises.

Further, in preparation for its annual inspection, Pumper 4 was drained of all water and sensitive equipment was removed.

Incidents

At the time of this report, Marten River Fire Department had not been deployed during the month of November.

Fire Prevention Initiatives

In the spirit of Carbon Monoxide awareness month, Marten River Fire Department Members updated the sign out front of the Fire Hall to encourage the community to install, check and/or replace their detectors.

Additional Information

Work continues on the new helipad. The new cones have been delivered but the Volunteer Association is still waiting for the lights. It is still anticipated the new Helipad with night landing lights will be operational by the end of the year.

All three of the MRFD vehicles required annual inspections and the process for getting them certified for another year is underway.
