

Corporation of the Municipality of Temagami

Memo No.
2017-M-007

Memorandum to Council

Staff

Committee

Subject:

Protection to Persons and Property Advisory Committee Recommendations from January 17, 2018 Meeting

Agenda Date:

January 25, 2018

Attachments:

RECOMMENDATION

This memorandum is to recommend that Council consider the following Motions:

1. WHEREAS for safety reasons at the Lake Temagami Access Point the Protection to Persons and Property Committee recommends that increased Cell and Wi-Fi coverage be established in this area and that a Communication Hub be created using the attendant's shed as a focal point for this service;
AND WHEREAS recently Latempa received approval from the Municipality to install a cell service booster that now provides a limited cell service around the attendant building;
AND WHEREAS recently the Municipality has also installed a phone line to this building;
AND WHEREAS in NeoNet suggested to Councillor O'Mara that the Municipality consider contacting Pascal at Tech Galaxy to obtain a quote;
NOW THEREFORE BE IT RESOLVED THAT Council receive Memo 2018-M-007;
AND FURTHER THAT Council adopt the Protection to Persons and Property Committee recommendation that Council now approach Ontera to install a regular internet service to the attendant building;
AND FURTHER THAT a wireless internet outdoor access point be established by obtaining a quote and then purchasing a commercial Internet application at an estimated cost of \$350.00 plus installation and set-up.
2. BE IT RESOLVED THAT Council adopt the recommendation of the Protection to Persons and Property Advisory Committee that the Municipality approach DNSSAB to provide our ambulance with the X Series Monitor, because the refurbished E Series Monitors presently in use are not reliable and have failed at calls.

BACKGROUND

Internet at Access Point

At the January 17, 2018 Protection to Persons and Property Advisory Committee meeting, the Committee discussed the need for an Internet Hot spot at the Lake Temagami Access point. They passed the following motion:

MOVED BY: Dan O'Mara

SECONDED BY: Jim Sanderson

WHEREAS for safety reasons at the Lake Temagami Access Point the Protection to Persons and Property Committee recommends that increased Cell and Wi-Fi coverage be established in this area and that a Communication Hub be created using the attendant's shed as a focal point for this service;
AND WHEREAS recently Latempa received approval from the Municipality to install a cell service booster that now provides a limited cell service around the attendant building;

AND WHEREAS recently the Municipality has also installed a phone line to this building;
AND WHEREAS in NeoNet suggested to Councillor O'Mara that the Municipality consider contacting Pascal at Tech Galaxy (Pascal.S@techgalaxy.ca, 705-272-2000) who has mentioned that the outdoor access point suitable to this need might be around \$350.00 plus installation and set-up, but with additional details provided would provide an accurate quotation for our review;
NOW THEREFORE BE IT RESOLVED THAT the Protection to Persons and Property Committee recommends to the Municipal Council that they now approach Ontera to install a regular internet service to the attendant building;
AND FURTHER THAT a wireless internet outdoor access point be established by obtaining a quote and then purchasing a commercial Internet application at an estimated cost of \$350.00 plus installation and set-up.

X Series Monitor

The Protection to Persons and Property Advisory Committee also discussed the request to by the paramedics for X series monitors being denied because there are not enough calls here to warrant having the new monitors. Distance and time from hospital and average age of population are not factored into the decision. The discontinued E series monitors being used are testing ok in the mornings and then have failed at calls the same day. The units are sent out to be refurbished or replaced with refurbished units that present the same problems and are not reliable and the E Series Monitor be replaced by the X Series Monitor.

They passed the following motion:

MOVED BY: Paul Elliott

SECONDED BY: Jim Sanderson

BE IT RESOLVED THAT the Protection to Persons and Property Advisory Committee recommends to Council that DNSSAB be approached to provide our ambulance with the X Series Monitor. The refurbished E Series Monitors presently in use are not reliable and has failed at calls.

RECOMMENDATION

Ambulance Crew Quarters

The Protection to Persons and Property was also concerned that Council keep in the Capital Budget the required renovations for more suitable Crew Quarters for Paramedics and would like this issue be assigned to a group to follow-up with DSSAB to either get the funds to do some changes or get an increase in our rental agreement payment so we can get funds to cover these needed changes.
