Councillor Wilder moved and Councillor Bailey seconded:

WHEREAS municipalities are encouraged to develop planning strategies that allow for the redevelopment of existing properties;

WHEREAS disturbing hazardous materials increases health risks to those who are exposed to it;

WHEREAS the current law in Ontario allows for some buildings to be altered, renovated and/or demolished, without being required to adhere to the standard health and safety requirements regarding the identification, isolation, handling and disposal of hazardous materials; and

NOW THEREFORE BE IT RESOLVED that the Government of Ontario be urged to review and revise the laws regarding the alteration, renovation and/or demolition of all buildings containing hazardous materials, to ensure that proper steps and preventative measures are taken to protect the public from exposure to hazardous materials;
