Subject: State of the North - You're Invited !

Dear Ms. Pandolfo,

Northern Policy Institute would like to personally invite you to our upcoming State of the North Conference, taking place on September 26 and 27 in North Bay, Ontario.

State of the North is an annual conference that brings together decision makers, community leaders, experts and innovators to explore the state of Northern Ontario from an economic, social and environmental perspective.

Given your work in business development, this year's theme, **Bold Approaches: Taxing for Growth** may be of particular interest to you. The conference features two panel topics and two keynote speakers who will explore how other regions use tax policies to drive growth, and how these policies might apply to Northern Ontario to grow our communities and reduce inequalities.

Topics and speakers include:

- 1) How can taxation support growth?
- 2) Taxation by Indigenous Communities
- 3) Canadian Taxes, what needs to change and why? By Jack Mintz, President's Fellow at the School of Public Policy at the University of Calgary
- 4) Global evidence of the value of pilots and policy experimentation by Mikko Annala, Head of Governance Innovation at Demos Helsinki.

Northern Policy Institute hopes that you will join us in this important discussion with our community, our leaders and more. For more information, or to register, please visit www.stateofthenorth.ca
