TOWN OF LATCHFORD  
RESOLUTION

MOVED BY: Mike Brook

No.: 18/ 110

SECONDED BY: Jo-Anne Carter

Date: September 20<sup>th</sup> 2018.

Whereas motor vehicle accidents on Highway 11 between Latchford and North Bay appear to be occurring with much greater frequency,  
And Whereas most of these accidents involve heavy transports that result in extensive periods of having the highway closed to traffic while clean-up occurs thereby resulting in residents of this area being unable to attend much needed medical appointments in places like North Bay and Sudbury,  
And Whereas the recent Angus Lake accident resulted in Highway 11 being closed to all traffic for a period of approximately 10 hours during the day which is the period of time when said appointments are scheduled causing numerous much needed medical appointments to be missed because of the extrication of a transport that could well have been accomplished during the night utilizing all the equipment that was used during the day with readily available auxiliary lighting equipment.

Therefore be it resolved that the Council for the Town of Latchford respectfully request that the Ontario Provincial Police give serious consideration in future to conducting such highway clearance as can be accomplished during the light traffic hours so as to reduce the inconvenience to those who live in the southern Temiskaming.

And further, that this resolution be shared with the member municipalities of the Temiskaming Municipal Association for their consideration and support.
