**RECOMMENDATION**

BE IT RESOLVED that the Council of the Municipality of Temagami receives Memo 2019-M-021;

AND FURTHER THAT Council authorizes Power Tel to use our trails for access to the transmission corridor subject to the site remediation commitment provided.

**INFORMATION**

PowerTel has been contracted by Hydro One to refurbish the D2L Line that travels through parts of our Municipality. In order to access the transmission line, they have requested the use of our trails.

There may be some ground damage and trail widening caused with this. Staff met with a representative of PowerTel to discuss this request and to ensure the importance of returning the trails to their present condition should access be granted. They have responded to this request and have provided assurance and details of remediation in other areas.
